#554

FEBRUARY 15, 1983

FOREWORD

Almost three generations have passed since 1900 which was the cutoff date for tombstone inscriptions in the last book which covered the entire county. Although typed, that book was never published and its use was restricted to a few libraries. It is an ambitious project to cover the entire 195 cemeteries in Stark County, Ohio. Volume I was the beginning. Volume II was the continuation of that effort. Volume III adds three more townships making a total of 13 of the 17 townships in the County which have been published. The four remaining townships to be published are Lake, Perry, Plain and Canton.

IN MEMORIAM

This, the third volume of Cemetery Inscriptions of Stark County, Ohio is dedicated to the memory of:

EVELYN JESSUP (14 Jul 1921-21 May 1980)

Evelyn Jessup was the first Chairman of the Cemetery Project of the Stark County Chapter. She copied the tombstones of many of the cemeteries in this volume as well as other volumes. Much of the success of this project can be attributed to her enthusiasm and her perseverance during the early period when few were active in this endeavor. She kept the sparks alive until joined by the many individuals who have made this project a success. Little did she realize that she would be included in this volume on page 200 as she is buried in Jackson Township, Rose Hill Memorial Cemetery, Section A, Lot 185, Grave 2.

ACKNOWLEDGEMENTS

Many contributed to the success of this project. Those who copied the tombstones are acknowledged at the end of each cemetery. Special recognition is given to the three typists: Hazel Murphy, Marty Thatcher and Dorothy Wig. Hazel Murphy also served as the Coordinator for the entire Cemetery Project.

Acknowledgement is also given to the Stark County Historical Society for furnishing the photograph of McKinley's Monument on the cover and the 1910 map of Stark County shown on page v.

Stark County, Ohio was formed in 1809 from Columbiana County. It subsequently lost Brown, Harrison and Rose Townships to Carroll County in 1833 and Green and Franklin Townships to Summit County in 1840. It contains seventeen townships today. Its cemeteries date from 1805 when the first settlers came. There are 195 cemeteries today. This volume covers the northwestern townships of Tuscarawas, Lawrence and Jackson which are adjacent to each other. 28 cemeteries are included in these three townships.

Much use has been made of the previous cemetery book entitled "Cemetery Records, Stark County, Ohio." It was researched by E. T. Heald, H. T. O. Blue and H. D. Paxton. It was compiled, edited, and indexed with a foreword by Dorothy Sommer, Head, Reference Division, Canton Public Library Association. The project was sponsored by the Stark County Historical Society. It consisted of four volumes, one of which was the index, and was typed in 1955. It covered 158 cemeteries from the earliest time until 1900. Most of the inscriptions were copied in the 1940's. Much credit must be given to the researchers because many of the tombstones which they copied are unreadable or non-existent today. The map used by E. T. Heald to locate the cemeteries in the 1940's was made available by Eva Sparrowgrove of The Stark County Historical Society.

In this volume the cemetery numbers assigned by Heald have continued to be used. The description of the locations of the cemeteries in Stark County was submitted by Marilyn Oyster and Evelyn Jessup to The Ohio Genealogical Society for inclusion in their 1978 book entitled "Ohio Cemeteries", which lists the location of every cemetery in the State of Ohio. The same descriptions are used in this volume and will be used in all volumes to be published.

An attempt has been made to read the tombstones in rows so that a person can locate a particular stone from the descriptions. This has not always been possible because of the haphazard manner in which some cemeteries are laid out. All stones have been included to the present day. Stones illegible or missing, but listed in Heald's book, have been included and are so indicated.

Additional volumes to be published in the future will cover the remaining four townships of Lake, Plain, Perry and Canton. Much work remains to be done but it will be accomplished and the project completed.
